OCMobile -Inventory

OCMobile — Inventory is a powerful tool to facilitate counting inventory using your preferred Apple device. So simple and intuitive that no training is necessary.

Speed Counting Times

- Send whole inventories from Optimum Control to your device with the click of a button
- Avoid wasting time and resources printing inventory count sheets
- Organize your count sheets to match your storage areas and counting order
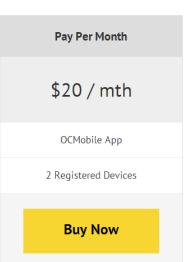

Avoid Mistakes

- No more deciphering messy writing on count sheets or copying wrong amounts
- Quick and simple search capabilities - avoid flipping through printed sheets to find items
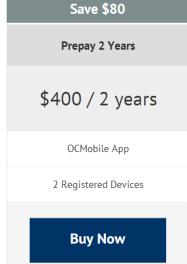

Bar Code Scanning

- Use the built-in camera to quickly scan bar codes
- Bar code not found? Assign it on the fly

Works with

- iPad (2 or newer)
- iPhone (4 or newer)
- iPod Touch (5th Generation)
